

Sparkies Kitchen & Bar

What to expect in the times of COVID-19 STEPS TO HELP KEEP OUR COMMUNITY SAFE

Due to COVID-19 your next dine-in visit to Sparkies Kitchen & Bar will be a little different. While we will still offer the same awesome food, drink and service, we have put new procedures in place following CDC and local guidance. We are also committed to taking extra steps to help maintain our high level of cleanliness and sanitation standards at Sparkies. We realize that what we are doing may exceed your personal thoughts on what is necessary. As a home to many team members and a long-time member of this community, we must stay on the side of cautiousness to ensure the comfort and safety of all who work and those who hope to visit us. If you are unable to abide by these measures, please take advantage of our Curbside Carryout either order online or by phone until things get back to your comfort zone. We wish things were different and hope we get back to normal soon. Thank you for your understanding!

HOURS OF OPERATION

For the week of June 15 our hours will be Monday-Thursday 3-9pm, Friday-Saturday 3-10pm and Sunday 3-9pm. We will post further hours change on Facebook.

RESERVATIONS & WALK-INS

We will be accepting reservations through our RESY system. Please visit our website to make your reservation or download the RESY app for convenience. You can also join our waitlist using the same procedure. NO WALK-INS WILL BE ALLOWED. We will watch for the appropriate time to ease these restrictions.

ARRIVAL

When your entire party arrives at your designated time, please remain in your vehicle until you are notified via text that your table is ready. Please have all members of your party wear a mask upon entering the restaurant and until you are seated at your table, where you are free to take off your mask. Please do not come into the restaurant if you have a fever, coughing fits, or have been in close contact to anyone who has exhibited COVID-19 symptoms or that generally feels unwell.

STEPS TO KEEP EVERYONE SAFE

Some of our safety, sanitizing and disinfecting procedures include:

- We were professionally disinfected using EPA approved and CDC recommended "Santize Solutions" program on June 2, 2020 This along with an 90 day antimicrobial coating applied that same day will provide protection on all surfaces of the restaurant for 3 months. We will be utilizing this program for the first year.
- Staff health screenings and questionnaires will be administered before every shift. We will encourage all staff to stay home from work if exhibiting and health issues
 - Masks must be worn by all team members at all times.

- We will enforce frequent hand washing of all our staff.
- Guests will please wear mask upon entering the building and until reaching their table. Guest should use mask again when leaving table area for any reason
- We will monitor and enforce social distancing and have eliminated tables and chairs to help in this matter.
- New team member position dedicated to constant sanitizing of our restaurant and a vigilance in maintaining a safe and healthy environment for us all.
 - All guests will be notified by text when their table is ready. Please wait in your vehicle until you receive the text. At this time there will be no walk-ins allowed but you can add your name to our waitlist on RESY.

MASKS

We ask that all guests wear a mask to enter our building unless you have a medical reason for not wearing one. While inside the restaurant, please wear when you are away from your table such as when you walk to the restroom. While moving throughout the restaurant, please practice 6 ft distancing as much as possible.

MENUS

We will have a QR code on each table that you can scan to see the menu and place your order. If you would prefer to use a single use paper menu, let us know and we will provide one for you. Our food menu will be limited to start but we hope to have our full menu back soon. Full bar menu will be available.

SERVICE

We aim to provide you an enjoyable experience through all of this. We will provide quick, friendly service but will try to limit table visits as much as possible so please try to order all of your menu items at the same time, though of course we will keep a watchful eye as drink reorders and refills are needed. Our staff will be wearing masks and gloves and will practice social distancing as much as possible.

We will be using our normal Chinaware, silverware and glassware but will be using disposable napkins instead of linen for the time being. All condiments such as Ketchup, Mustard, Hot Sauce, Salt & Pepper etc. will be served in a single cup. Wrapped straws will be available upon request, but we will not be using cocktail straws for bar drinks. Payment will be accepted as usual but hope to have a mobile payment system (pay by phone) up and running in a few weeks.

CURBSIDE CARRYOUT-ONLINE ORDERING

Carryout Meals will be able to be picked up at our brand new Catering and Carryout Market right next door to Sparkies. You will also be able to purchase Beer, Wine, a variety of Soft Drinks and some light groceries. To place an order, please visit our website at www.sparkiesgrill.com.

If you would like curbside delivery, please note while placing your order.

For ongoing updates, please follow us on Facebook and Instagram or visit us at www.sparkiesgrill.com

With much thanks to our awesome guests!

The Sparkies Team
